Dear XXXXXX:

Thank you for your correspondence regarding school choice.

As your State Representative, I support improving the educational standards for our students. I have heard from employers, as well as colleges and universities that some of the students are not fully prepared for that next step in their education. I would like to see the House Education Committee hold hearings on this issue and see what can be done to continue to improve the quality of our educational system for the students in this Commonwealth.

Please be assured that your thoughts will be remembered and respected. Your comments will help in my efforts to make an informed decision that will benefit not only my constituents, but also all of Pennsylvania's students.

Again, thank you for your correspondence. In the meantime, if you have any additional questions or concerns, please contact my office.

Sincerely,

Mike Hanna

Michael K. Hanna
State Representative
76th Legislative District
